NETFLIX

- *Recommender models:*
 - *Netflix, YouTube, ...*
- *Users interact with movies:*
 - *Rating, watching duration*
- *Movies have properties:*
 - *genre, director, duration, ...*
- *Which properties users care the most about?*
 - *correlations*

The Kaggle logo is displayed in a light blue, sans-serif font. It is partially overlaid by a grey rectangular box that also contains the number '4.5' in a smaller font. The background of the slide features a grid of data visualization plots, including scatter plots with colored points (blue, orange, green) and overlaid probability density functions (PDFs) in matching colors. A diagonal line runs from the top-left corner towards the bottom-right corner, passing through the text and the plots.
