

CPSC 444 Tutorial: Experiments 3

Description:

- Students will learn how to write an HCI experiment report; this knowledge also applies to writing academic papers for submission to HCI conferences and journals.

Objectives:

- By the end of the tutorial you should know how to...
 - Write a standard HCI-style experiment report.
 - Be aware of the necessary components and structure of an academic paper in HCI.

Deliverables:

- A marked individual assignment follows from this tutorial. See the Assignment 1 description on the course website.

Tentative Schedule:

- There is **No QUIZ** for this tutorial
- Review Saul Greenberg's outline for reports (~10 min)
- Review and discuss the assigned reading (a CHI Note) (~20 min)
- In your groups, review and discuss an assignment 1 submission from a previous 444 term; suggest improvements based on what you have read (~30 min)
 - Groups will be expected to share their interpretations.
- work on your own assignment 1 reports and seek TA feedback (remaining time)

Revision: r1.2 - 18 Nov 2010 - 23:53 - [MatthewBrehmer](#)
