Typical run-time distribution for SLS algorithm applied to hard instance of combinatorial optimisation problem:
Typical run-time distribution for SLS algorithm applied to hard instance of combinatorial optimisation problem:
Qualified RTDs for various solution qualities:

![Graph showing the relationship between run-time and solution quality]
Typical solution quality distributions for SLS algorithm applied to hard instance of combinatorial optimisation problem:
Solution quality distributions for various run-times:
Typical SQT curves for SLS optimisation algorithms applied to instance of hard combinatorial optimisation problem:
Typical SQT curves for SLS optimisation algorithms applied to instance of hard combinatorial optimisation problem:
