The Problem

In today's Information age finding information is less of a problem.
The Problem

.. than Managing
information.
We have transformed the problem from this..
to this ..
The Solution
30,000 Feet view

- Sense making
- Information foraging
Sense making

..is a motivated, continuous effort to understand connections in order to .. act effectively.

(Klein et al., 2006)
Information foraging theory

..is based on the assumption that, when searching for information, humans use 'built-in' foraging mechanisms that evolved to help our ancestors find food.

What I have done so far:

- Parsed the hierarchical data reflecting the tabs opened in the browser
- Overlayingggg........ the data on a browser tab
