

Informal Teaching Space for Ugrads

The Department of Computer Science has a small amount of money in its budget for furniture and other equipment targeted towards making the space we provide for undergraduate students more appealing. In order to help us make the decisions that will make you happy, we would appreciate answers to the following short survey. Thank you!

The Teaching and Learning Support Committee

1. How often do you work in the space provided for undergraduate students in ICICS/DMP (project rooms, the lounge, the Demco learning centre, etc)?
 - a. Never
 - b. 1 to 3 times per week (c) 4 to 9 times per week
 - c. 10 times per week or more
2. List the two or three tasks or activities that you most frequently use this space for.
3. Are there other public spaces on campus that you prefer to ours? If so, which one(s) and why?
4. Is there any furniture that you would like to see in our public spaces, other than that which is already present? If so, which one?
5. Is there any equipment that you would like to see in our public spaces, other than that which is already present? If so, which one?
6. If you had to select 3 "wish-list" items for the department to purchase, what would they be?
