Project Sub-task Brainstorming

Task	Description	Interested Researchers
Robot Navigation		Dave, Simon
Web Search	Which Database? Negative Data set? Word Net?	Tristram, Julia, Kenji, Pooyan, Ara
Ranking of Object List		Scott
Classifier Learning	Object Identification Object Classes	David, Sancho, Scott, Marius, Julia, Kenji
Image Acquisition at test time	Segmentation Attention	Jim, Per-Erik, Dave, Simon
System Integration		All

In addition, we identified probable need for collaboration between the following tasks:
– Robot navigation and image acquisition at test time
– Web search and classifier learning
