

# **College of Rockies**

## Institutional Report October 2011

### **Diploma and Certificate Programs**

Computer Web Specialist (CWS), a first year certification program is offered every year and runs to its full enrollment capacity. Majority of students from this course join Network Support Technician (NST), a second year certification program. Students who fulfill the pre-requisite criteria are also admitted into the NST program directly.

### **University Studies Programs**

A large number of students from university studies program enroll in Introduction to Data Processing and computer programming courses.

### **Labs (Software/Hardware)**

Windows 7, Visual Studio 2010 and Server 2008 platforms are used for the delivery of the laboratory component of courses . Second offering of the virtualization course that focuses on Windows Hyper V and VMware will be redesigned in accordance with the industry certification.

### **Faculty**

Dr. Nazeer Ahmed joined the University Studies Program as a regular Faculty member.
