Report to BCCEC
Columbia College
Oct 2011

Enrollment

- The College has strong enrollment this semester. Number of students taking the beginning computer science courses is good, but the enrollment for the advanced computer science courses is still low.

Faculty

- Two full-time instructors.
- Two sessional instructors.

Hardware/Software

- No major upgrade.

Curriculum

- No new courses were added.

News

- In the summer of 2013, the College will be relocated to a new building near the Main Street Sky-train station in Vancouver.
