

HOROSCOPES & HUMOUR by Dave Tompkins

THESE HOROSCOPES WERE TYPED ALONGSIDE THE HUDDLED MASSES IN THE TA PROTEST TENT

ARIES (March 21 – April 19)

Never underestimate the power of a hug. A hug at the right time & place can change the world. Also, never underestimate an M1A1 Abrams battle tank...

TAURUS (April 20 – May 20)

Whatever you do, if someone offers you some really, really cheap wine, don't take it. However, the homemade moonshine they offer is boozariffic!

GEMINI (May 21 – June 21)

Some mystery meat will appear this month. You normally don't touch the stuff, but it will smell so yummy, and hey, all the cool kids are eating it!

CANCER (June 22 – July 22)

You will get the song "Here comes the rain again" stuck in your head — stuck in your head like a memory... stuck in your head like a new emotion.

LEO (July 23 – Aug. 22)

Oh you sneaky bastard... you gave up French fries for lent this year, and yet you've been snacking on those freedom fries like there is no tomorrow.

VIRGO (Aug. 23 – Sep. 22)

At the tribunal, you'll insist you didn't know they were *killer* robots... and you were just following orders. Ironically, you'll be put to death by robots.

LIBRA (Sep. 23 – Oct. 23)

Sometimes the stars just pick an event that's guaranteed to happen to improve our accuracy... At some time this month, gate one will be blocked.

SCORPIO (Oct. 24 – Nov. 21)

They say that if you can't be with the one you love, love the one you're with. But that doesn't quite work for you because you only love yourself.

SAGITTARIUS (Nov. 22 – Dec. 21)

Something's gonna happen at Arts County Fair... but we can't make it out because it's so damn crowded & noisy... But something's gonna happen!

CAPRICORN (Dec. 22 – Jan. 19)

Unfortunately, you share the same zodiac sign as Gordon Campbell... and the stars are extremely disappointed with GC lately, so expect lots of pain!

AQUARIUS (Jan. 20 – Feb. 18)

When you are unpacking the killer robot you ordered from killerrobotsonline.com, don't toss the instruction manual and don't push the red button!

PISCES (Feb. 19 – March 20)

After everything that's happened, you should go to an anger management class – but all you can afford is a ticket to that new Sandler / Nicholson movie.
