

HOROSCOPES & HUMOUR by Dave Tompkins

THESE HOROSCOPES WERE TYPED IN FRONT OF A LIVE KOERNER'S AUDIENCE

ARIES *(March 21 – April 19)*

Soon you will have a funny story that you will be repeating for years – it ends with the punch line: “No... I said ‘please observe my picket line!’”

TAURUS *(April 20 – May 20)*

It's not every day that you have mind-blowingly hot sex, and there is a good reason for that – Oh, we know the reason, but we just like torturing you.

GEMINI *(May 21 – June 21)*

The stars have just determined that you are going to be re-incarnated as a squirrel, and that you'll play a pivotal role in the great squirrel uprising of 2063.

CANCER *(June 22 – July 22)*

Years from now, while working on a cure for the worldwide virus epidemic, they'll attempt to trace it back to the original source: your toilet seat.

LEO *(July 23 – Aug. 22)*

You know in the movies when they say “well, at least it can't get any worse...” and then it does? Trust us: do NOT say that phrase this month.

VIRGO *(Aug. 23 – Sep. 22)*

Technology isn't your friend this month. You may think you've been having some good times, but it's secretly jealous, and soon will stab you in the back.

LIBRA *(Sep. 23 – Oct. 23)*

A watched kettle never boils, and soon you will discover that when you are screaming and trapped in a vat of boiling acid, nobody will watch you.

SCORPIO *(Oct. 24 – Nov. 21)*

Wow. We're absolutely speechless. We've been struggling to come up with a word to describe your next month. So far, the best we have is... “Wow”.

SAGITTARIUS *(Nov. 22 – Dec. 21)*

You should think about placing an ad in one of those on-line dating services – but first you need a way of saying “frumpy” that sounds like “sexy”.

CAPRICORN *(Dec. 22 – Jan. 19)*

We know you think that expiration dates are a scam perpetuated by food manufacturers to encourage over-consumption, but take our advice: don't eat it

AQUARIUS *(Jan. 20 – Feb. 18)*

The world works in mysterious ways – Who would have thought your thesis would one day contribute to the creation of super-smart mutant squirrels?

PISCES *(Feb. 19 – March 20)*

You don't know this, but you were one hell of a H4x0R: Nearly seeing the matrix for what it was... before you totally wimped out & took the blue pill.
