

# HOROSCOPES & HUMOUR

By Dave Tompkins

## THIS MONTH'S THEME: OPPORTUNITIES

### **ARIES** (March 21 – April 19)

There is going to be a great party -- but you won't hear about it until it's over. You'll hear the stories, like the time that... well... you "had to be there".

### **TAURUS** (April 20 – May 20)

Someone is going to ask you a personal question, and you're going to lie. We just wanted YOU to know that WE know all about it... you lying bastard.

### **GEMINI** (May 21 – June 21)

Some lessons in life you have to learn the hard way... and one is coming up. We won't spoil the surprise... but we'll give you a hint: bathrooms.

### **CANCER** (June 22 – July 22)

This month we wanted to give you a little puzzle to work on. On page 5 of this issue there is a secret message hidden in the text for you to figure out.

### **LEO** (July 23 – Aug. 22)

Sometimes the lyrics of a song will speak to you and help you understand life in new and profound ways. This month listen very carefully to... Ghostbusters.

### **VIRGO** (Aug. 23 – Sep. 22)

It's fun to pretend that your life is a movie. You're the star and there are millions of people watching your every move. So stop touching yourself there.

### **LIBRA** (Sep. 23 – Oct. 23)

Oddly enough, we calculated your "lucky numbers" for this month and it turns out that every positive integer  $\leq 192$  is lucky for you. Except 138 and 2%.

### **SCORPIO** (Oct. 24 – Nov. 21)

Great synergies: Peanut butter and jelly. Gin and Tonic. Fish and chips. Salt and vinegar. Wine and cheese. Romeo and Juliet. Utter Failure and you.

### **SAGITTARIUS** (Nov. 22 – Dec. 21)

Don't look now, but someone totally hot is checking you out. Damn it. I told you not to look. You're such a loser. Sometimes I can't believe I know you.

### **CAPRICORN** (Dec. 22 – Jan. 19)

This month you're going to have a very significant encounter with someone named 'John' or 'Joanne' or 'Jolene' or someone else with a 'R' in their name.

### **AQUARIUS** (Jan. 20 – Feb. 18)

For a brief moment this month you will achieve great clarity... understanding every nuance of our vast universe. And then sarf garblpq buh cv arznik alg.

### **PISCES** (Feb. 19 – March 20)

Try as you might, you can't escape your destiny. What? You don't know your own destiny? You want us to tell you? What a waste of a good destiny.
