Networked Communications

“For the protection of children, all publicly accessible computers and wifi networks paid for with taxpayer money should be configured to block objectionable content.”
"The producers of software should have the right to prevent others from copying the software they produce."
Information Privacy

“It should be illegal for a search engine to publicly disclose users’ search histories, even in anonymized form.”

AOL.com did this in August, 2006
Privacy and the Government

“The government should do all that it can to maintain the capability to intercept all encrypted communications.”
“Canadians should have the right to vote online in federal, provincial and municipal elections.”
Computer Reliability

“Self-driving cars should be allowed to operate on public roads once they have been shown to be at least slightly safer than the average human driver.”
