

Computers and Society

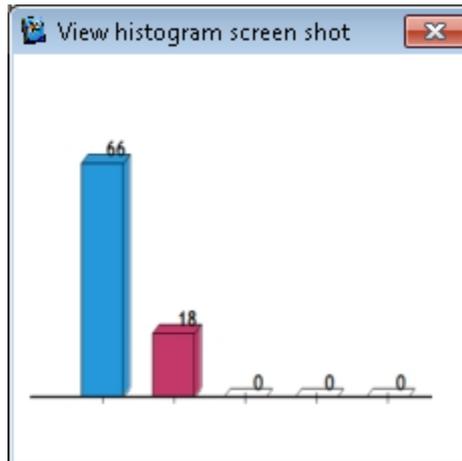

CPSC 430

Lecture 3 – Group Presentations
Kevin Leyton-Brown

<http://cs.ubc.ca/~kevinlb/teaching/cs430>

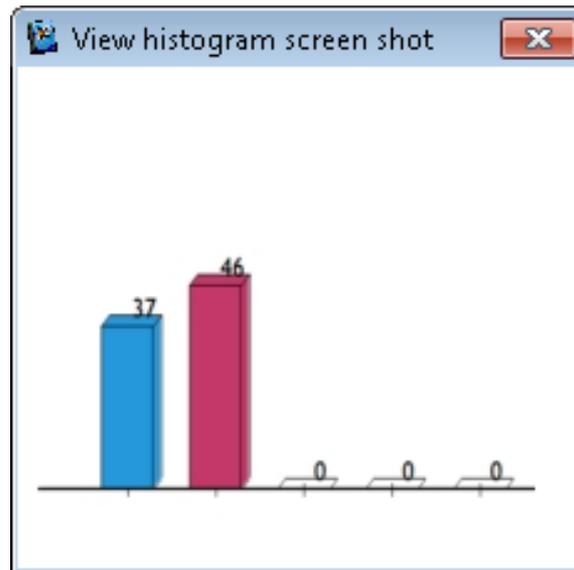

Professional Ethics

“A UBC CS sysadmin accidentally discovers pornography in a student’s private department file space, depicting a woman the sysadmin believes may be under 18. The sysadmin should inform the department head.”

Work and Wealth

“It is immoral for a corporation to pay its CEO 400 times as much as a production worker.”

Computer History

- You wrote an essay about a particular date range
- Three topics:
 - computing
 - networking
 - information storage and retrieval
- ...may not all be equally important for your range
- Prepare a presentation with others who got the same range
 - max 3 slides (PDF)
 - max 7 minute presentation
 - 1-3 presenters
 - we'll do this next class
- Your whole group will get in-class participation points
