Presentations

- days/topics now posted
 - send papers posted for first day
 - rest up soon
- slides required, PPT or PDF
 - if using my laptop, email me URL by 10am
 - if your own laptop, email me URL by 3:00pm
- you need both summary and critique/synthesis
 - important difference from me: audience hasn't read papers!
- grading (probably)
 - summary 50%
 - synthesis/critique 20%
 - style 15%
 - materials %15
- 20 min total: 15-17 present, 3-5 questions
 - must practice to get timing right!
